

Further tickets released for *Speed of Reaction* on Sunday 12th August, between 12-6pm.....

Speed of Reaction comes to Roker Seafront in Sunderland to take you on an interactive adventure.

Mobile phones, **QR codes**, online social networks, films and fast reactions help your team solve puzzles, push you to ask your own questions and explore your surroundings.

What

S.O.R. is an interactive game that allows you to use teamwork, technology and creativity to explore your surroundings in a different way and build your own, personal narrative experience. S.O.R will take you on an adventure surrounding pirate stories and legend, utilizing unique locations along the seafront. You will be given instructions, clues and allies along the way, completing tasks and cracking QR codes to get to the final goal, and to the hidden treasure... 'Booty' to be won for the quickest and most creative teams, kindly donated by **Marine Activities Centre, Sunderland**.

Who

This is for anyone interested in discovering and exploring digital arts and new meanings of community, place and narratives. All ages welcome (children must be accompanied by an adult).

How

To participate you will need:

- a team of up to 3 people
- one smartphone per team (a smart phone is a mobile phone which has internet and a camera-for example an HTC, i-phone, samsung ACE etc)
- a QR code reader application installed in your phone (for more info visit <http://tinyurl.com/7357eaj>)
- the 'game' will take most teams between 1-2hrs to complete - timeslots will be allocated after tickets are booked

Find out more and get your free ticket at <http://tinyurl.com/d96os4d> (booking essential)

A project by **Yolanda de los Bueis** commissioned by *rednile projects* as part of their **Factory Nights** programme and funded by Sunderland City Council.
